**SETTING**

London and Denver Castle in the nearby countryside:  
1923 - a world between two World Wars.

**ABOUT THE AUTHOR**

Dorothy L. Sayers was born in Oxford as the only child of clergyman and headmaster Rev. Henry Sayers and Helen Mary Leigh. She grew up in and around schools and quickly developed a love of words. She graduated from Oxford University in 1915 after studying modern language at Somerville College. She was one of the first women to graduate from Oxford and, as a result, did not receive her degree until 1920 when she was awarded a Bachelors and Masters of the Arts degree concurrently, as women were permitted to attend Oxford prior to that time but were not awarded degrees. Sayers quickly tired of academia and instead decided to pursue a career as a printer and publisher with Blackwell’s before she transitioned to a career as a copywriter in 1922 where she would work until she became a full-time writer in 1929.

It was at this stage of her career while a copywriter at Bensons that she would enter the canon of detective fiction by creating the indomitable Lord Peter Wimsey. Whose Body? was both her first novel and the first appearance of Lord Peter Wimsey. The fourteen novels of the Lord Peter Wimsey series helped to cement Sayers’ place amongst her friends and peers including C.S. Lewis and T.S. Eliot with her detail-oriented and heavily referential texts demonstrating the scope and breadth of her education and theological upbringing. She would return to the character of Lord Peter for the play Busman’s Honeymoon which helped launch her career as a playwright culminating in her most famous play The Man Born to Be King.

She would end her career back where it began in the academic world as a lecturer and translator with her most notable work being an annotated version of The Divine Comedy. On December 17, 1957 she died suddenly of heart failure in the midst of translating the final work of Dante's triptych Paradiso.
